PRESS RELEASE

This has the reference of some news items appeared in the section of the media that alleged land allotment has been made to H.E. the Lt. Governor of Puducherry, Dr. Iqbal Singh for ^{setting} set up of Medical College in the Union Territory, and one house allegedly owned by one, Shri. Kamal Sha, is further being used by him for as his office.

Whereas, the fact remains that no land, whatsoever, was ever allotted to H.E. the Lt. Governor by the Government of Puducherry as revealed by its Director of Medical Services, Dr. Dilip Kumar Baliga.

So far as the report for using the house, allegedly owned by Shri. Kamal Sha, for the operation of office of alleged Medical College concerned, ^{again} the same is quite baseless and is quite misleading. Hence denied.
